CONFESSES TO FORGERY

Moonshine Blamed for Wayward Activities of Wood County Youth.

Leo Stainbrook, 20, of the town of Grand Rapids, Wood county, waived examination in lower court at Wisconsin Rapids last week and will be brought before Judge B. B. Park in circuit court in that city this week to plead guilty to a charge of forgery.

Stainbrook confessed to having forged and passed checks to the extent of $67, later making good on some of them to the amount of $16. The signatures of prominent Wisconsin Rapids business men were forged and all of the checks were cashed at the Rapids and at Nekoosa.

Moonshine whisky, which the youth told of having obtained at roadhouses in the vicinity of the Rapids, was assigned by the authorities as the cause which prompted the forgeries. Stainbrook, returning from a summer in the north woods, started out to make the rounds of rural roadhouses and running out of funds for liquor and taxi fare, forged the checks, it is charged.

CHURCH OBSERVES 50TH ANNIVERSARY

Special Services Conducted by Visiting Pastors are Held Here on Sunday

The 50th anniversary of St. Paul's Evangelical Lutheran church of Stevens Point was celebrated on Sunday with special services which were largely attended.

The first service, in English at 10 o'clock in the morning, afforded an opportunity for parishioners to again hear a former pastor of the church. Rev. E. H. Bertermann of Wausau, who served the local church from 1915 to 1919 and was the immediate predecessor of the present pastor, Rev. Rufus Hudtloff. Fully 300 people attended this service, including visitors from Wausau, Almond, Amherst, Wisconsin Rapids and Junction City.

A letter of greeting to the congregation from Rev. W. C. Schilling of Crystal, N. Dak., the first pastor of the church, was read at the morning service. Rev. Mr. Schilling is now in the 79th year of his age.

At 2:30 o'clock in the afternoon Rev. Carl Schmidt of Spencer, also a former pastor of the local church, preached in German. An evening service was held at 7:45 o'clock at which Rev. H. Daib of Merrill, president of the North Wisconsin district of the Missouri synod, which includes Stevens Point, preached in English.

Special music was furnished by the choir and Sunday school children, and in the morning A. J. Miller rendered a vocal solo.

Other pastors who were here for the observance, besides those mentioned, were Rev. H. Kretschmar of Wisconsin Rapids, Rev. F. Foerster of Almond and Rev. M. Treff of Amherst. Prof. A. Wendt of Wausau was another out of town guest.

St. Paul's Evangelical church now has a membership of 436 souls, including 260 communicant members and 54 voting members. The congregation, under the direction of able pastors, has flourished and enjoyed a steady growth.

George Q. Riddell, for many years employed as mail clerk on Soo line trains No. 5 and 6, his run of late between Fond du Lac and Chippewa Falls, dropped dead at his home in the latter city on Sunday, aged about 50 years.

Mr. Riddell was in apparent good health until almost a moment before his death. He was one of the oldest mail clerks in this section of the state and enjoyed a large acquaintance along the Soo. Prior to a few months ago, when train service was curtailed, his run extended from Chippewa Falls to Chicago.

CHARLES PUTNEY ATTACKED BY MEN ON RIVER ISLAND

Local Man Slugged With Bottle When He Apprehends Burglars

Held up and beaten by two men while a third stood not far off and looked on, Charles Putney, 514 Church street, luckily escaped serious injury late Saturday afternoon on Martin's Island in the Wisconsin river a few miles north of here.

Putney accidentally came uopn the three men as they were looting the cottage of his uncle, C. F. Martin, of dishes, clothing and other valuables.

Mr. Putney, who had been camping on the island at various times during the summer, and had visited the cottage only a few days prior to Saturday, drove to the resort grounds late Saturday afternoon to secure some clothing he had left.

Finds Men There

When he had rowed across the river and arrived at the island he found the cottage had been broken into through the front door, and dishes which the men evidently were preparing to carry away with them on the ground near the house. Walking up to one of the men, he asked for an explanation of affairs. An insolent answer was received, it is said, and a battle ensued. Putney was struck over the head with a heavy wine bottle, and rendered almost unconscious.

Thrown to the ground by the blows of two men who set upon him, his clothing and person were searched, several dollars in change and a gold ring being taken. The ring was forced off his hand by the hold-up men. A watch in his pockets was not taken, but his watch chain was torn from him.

Manages to Escape

Putney was groggy from the effects of the blow on his head, and the subsequent assault upon him on the ground, but he finally managed to escape the two, and run to his boat at the water's edge.

Rowing across the river to the mainland, he crawled into his car and with blood streaming over his face from the bruises on his head, succeeded in driving to the C. F. Martin & Co. store on South Third street.

Wounds Dressed

There his wounds were dressed, and in the evening a trip was made to the island, where things were found in great disorder about the Martin cottage. Just what articles were taken could not be ascertained, but it is believed that the men succeeded in getting away with a quantity of furnishings in the place, including dishes and blankets.

Several keys on a ring belonging to Mr. Putney and evidently thrown away by the assailants after the battle, were found.

KILLING FROST HERE MERCURY DROPS TO 28

Change in Weather Sends Temperature Down Below Freezing Point

The first killing frost of the season occurred on Sunday night when the mercury dropped down to 28 degrees, or four degrees below the temperature at which water freezes.

In 1921 the first killing frost of the fall season occurred on October 4, or four days earlier, while a year ago Saturday evening and Sunday there were snow flurries.

The fact that central Wisconsin was not visited by a killing frost until October 8 is considered unusual. The first heavy frost may usually be expected either late in August or some time in September. There is now a record of two consecutive years in which there has been no killing frost until after October 1.

CARS BADLY DAMAGED IN CRASH ON NO. 10

Mrs. T. M. Otrich Suffers Cut on Her Head When Auto Swerves Against a Tree

Two automobiles, one of them owned and driven by T. M. Otrich of this city, were badly damaged in a collision south of Knowlton at 6 o'clock Saturday evening. No one was seriously hurt. Mrs. Otrich suffered a cut on her head when thrown against the windshield of their car after it had crashed into a tree following the collision. Her husband was unhurt and occupants of the other machine, which was from Kimberly, Wis., also escaped injuries.

Mr. and Mrs. Otrich were enroute home from Schofield, where the Otrich-Shropshire firm has a contract for the erection of a new school building. Stevens Point labor is employed there and three local workmen were in the back seat of the car, the couple having made the trip to bring some of the men home for the week end.

According to Mr. and Mrs. Otrich, they were on the right side of the road when the driver of the other car, which was occupying the center of the road, suddenly swerved toward the left. This was done so quickly that it was impossible for Mr. Otrich to get out of the way.

The crash which resulted demolished the left front fender of the Otrich machine, the front springs and left running board. The force of the collision threw the local machine out of its course and as it headed off from the road the other machine chine struck its rear end, demolishing the rear fender on the left and breaking a spring. The local car came to a stop after striking a tree, which crushed the right front fender and right front wheel, forcing the wheel under the fender The radiator and both front wheels on the other machine were wrecked. Both cars remained upright. The Kimberly auto was occupied by two men and two women and a child, none of whom were hurt.

Damage to the Otrich car in the collision with the other machine put the steering wheel and brakes out of commission, making it impossible for Mr. Otrich to stop his car and avoid the crash against the tree.

It is also rumored that Babe Ruth and Bob Meusel, who played a poor game in the world's series, may be traded.

Dance Hall Burns Loss Over $1,000 Arson Is Charged

State Fire Marshal Finnegan of Madison was expected in the city today to investigate a charge of arson in connection with the total destruction by fire of a dance hall in the town of Hull six miles north of Stevens Point on the Wausau road.

The pavilion, owned by Valerian Zywicki, was completely burned early Monday morning. The fire broke out shortly after the close of a Sunday evening dance, and within a short time the entire place was enveloped in flames. All efforts to stop the fire were unavailing, as the building seemed to be burning in every section.

The fire was discovered by persons who were employed at the pavilion. They had just closed the dance, and were preparing to leave when the fire was discovered. A few hours later the building was a smoldering pile of ashes.

The dance hall, 44 by 30 feet in dimensions, was constructed by Zywicki this June, and cost more than $1,000. Insurance carried on the property amounts to $800. The building was of frame construction.

Suspicion that the building was set on fire was aroused when a car was seen to dash away from the building just as it burst into flames.

A saloon owned by Zywicki and situated only a short distance away, was undamaged.

I feel fortunate in getting him and can commend him highly," said Manager John M. Teeling.

Miss Grace Jackson, a teacher in the village schools at Elcho, Langlade county, came here Saturday and visited until Sunday night with her mother and sister on East avenue.

The Normal Athletic association management is cooperating with the officers of the alumni association in their plans to make October 21 a big gala day and the two organizations are ready to launch an advertising campaign for the day's big event.

HIGH SOO MEN VISIT IN CITY ON INSPECTION

Report That Car Forces Are Normal Given Out at Road Offices Here

Three high officials of the Soo line, President Beaty of the Canadian Pacific railroad system, which includes the Soo and President Huntington and General Manager Wallace of the Soo line, were visitors in Stevens Point Sunday evening, remaining here until this morning at 7:30 o'clock, when they left in their special train for Chicago.

The three men arrived here in their train at 6:30 p. m. Sunday, and made a short daylight inspection of the railroad here. They remained in the city during the night, their special car being set out at the foot of Main street.

Annual Inspection

The officials, it is believed, are making their annual inspection of the properties of the company. It was thought that they would visit at Fond du Lac today for a short time, and arrive in Chicago this evening.

Conditions in the shops on the Northern division of the Soo line were found normal or nearly normal, according to a report of A. L. Fillmore, master mechanic with offices here, to B. N. Lewis, general mechanical superintendent.

200 Car Repairers Here

According to Mr. Fillmore's report to Mr. Lewis on Sunday, there were 56 men employed in the round house, and 200 in the car repair department, practically a normal force. In the Ashland round house 16 men were working, and in the car repair department, 21. Twenty-five were working in the Irvine round house and 25 in the car repair department there. The force at Marshfield, according to this report, was above normal, 10 men being employed in the round house. The crews at Park Falls, Spencer and Abbotsford were stated as being normal.

"Going to Settle"

"The high Soo line officials who passed through here were going to Chicago to settle the strike, rather than on an inspection trip," said James G. Vennie at the local strike headquarters.

"I do not doubt a minute but that the report sent out by R. A. Henning, as to the strike at Shoreham, word of which we also received from Mr. Henning, is correct," Mr. Vennie continued. "In all of the propaganda that the railroad is handing out, I have yet to see anything telling about the 29 engine failures on the road the week of September 11 to 19.

"If the railroad has as many competent men working as it is claimed, I cannot understand why one small official here should be 'pestering' the life out of one of our boilermakers, trying to get him to return to work," emphatically concluded Mr. Vennie.

Conditions in the Near East, and the "Unspeakable Turk"

The term "the unspeakable Turk" came about because of the methods used by the Turk in all the history of his fighting. He has always been known, whether right or wrong, as a bloodthirsty individual who knows no law and resorts to the meanest known tactics when he fights. The world is once again serious because of the tremendous change due to the Great war.

For more than 800 years the Turks and the Russians have been fighting each other. Turkish history is crowded with war and the story is not a pleasant one. When the Great war ended, nearly the whole world was changed. Constantinople, the once proud capital of Turkey, was left under allied control, Jerusalem fell into the hands of the British. So long as Turkey was surrounded by stronger nations, she necessarily was forced to keep quiet and the danger of a "holy war" was small. But today Germany cannot be counted on. She fought side by side with the Turks during the Great war and even if she wished to fight against her she is unable to render any assistance. Austria-Hungary, the strong wall against the Turks on one side, is split into many small countries as a result of the war and her strength is so distributed that it amounts to nothing. Russia, although with a big army, in fact the largest in the world today, is in no position to act as a wall on the other side of Turkey. We might even see her joining hands with her old enemy if it could be for her own gain. She has no love for the rest of the world, now having fallen into the hands of those who have turned her whole system of government upside down.

A young, well-educated man is heading this new drive of the Turks. His name is Mustapha Kemal and during the Great war he was only a captain in the Turkish army under the orders of a German general. He held the line against the British at Gallipoli and when the battle was over came out a general himself. Just as the Turks recaptured Constantinople in 1453 they are still hoping to do it today, and with Kemal as their leader they are not only hopeful but confident of making their objective. No matter what the result, today the entire Near East is a boiling caldron of trouble. We as Americans cannot remain entirely indifferent to the situation.

First of all, we must protect American citizens. Today the United States has a flotilla of destroyers and supply ships in Turkish waters to protect Americans and American interests. This is as it should be. Our first duty is to protect our own people and our own interests and at the same time to make our national resources secure.

The followers of the world club plan are busy today spreading their stories that if we had joined there would be no trouble in the Near East today. That argument is foolish but there are those who will listen and believe. If we had become members of the world club and had taken a mandate, or protectorate, over Armenia, we would now be supplying the young men and the money to fight the Turks.

We know, as does every earnest man at Washington from President Harding down, that our safety, and our ability to aid the remainder of the world depends upon our continuing the splendid international policy so well started at the beginning of the Harding administration. We can see no reason why we should spend the blood of America in the Near East to settle European quarrels but we can see a reason to protect Americans and their interests. This is being done in a dignified and proper way.

Improving Our Doorways

Of the five entrances to the city on state trank highways, only one, the eastern entrance of Road 18, has been satisfactory. Before the end of the year the gap on the south will be filled in, making it possible to come in comfortable on Road 10 and 66 North on Road 10 the city has just put in asphaltic concrete to the corporation limits. Just above that point in the town of Hull, on Road 10, for one mile, and just west of the bridge on Road 10, for almost a mile, the highway is very rough. As we understand it, the state highway commission is considering ways and means of improving both of these doorways to the city next year. It will have the backing of the city government and the full srupport of the users of the highways.

More Election Precincts

In one of the elections last year in the Third Ward voters waited an hour after the official time for closing the polls before they had a chance to cast their bzallots. Similar conditions prevailed in the Second and Fourth wards.

It is wise, therefore, on the council's part to provide for two precincts in each of these larger wards. Perhaps it will be only a matter of a short time before the Fifth and First wards too will have to be split. While it will cost a little money, the public is entitled to it as an accommodation.

PAVE IN 1923 FROM BRIDGE TO CONCRETE

Shaurette Street Paving Also Ordered in, Elk Street Coming

The common council at its regular October meeting last week took action on several important improvement propositions. They were:

Pavement, under state auspices in 1923, of Central avenue and Superior avenue from the west end of the Wisconsin river bridge to the beginning of the concrete on Road 18.

Pavement ordered on Shaurette street from Division street to the Green Bay tracks and bids ordered advertised for. This is also a 1923 job.

Contract let for two blocks of concrete pavement on Church street from Madison street to the Soo tracks, to be put in this fall.

Petition received for pavement of Elk street with the exception of one block. Referred back for correction and completion of petition.

Water board authorized to advertise for bids for the new pumping station.

Water board authorized to construct a high line from the pumping station to be some point in the city to connect with other electric high lines.

Authorized sewer on Reserve street from Ellis street to Jefferson street, to be put in in its proper order.

The West Side Job

The proposition for the pavement on Highway 18 from the bridge to the beginning of the present concrete was brought up by Alderman M. M. Ames of the First ward who offered the following resolution:

"Whereas, State Trunk Highway No. 18 has been duly improved by the construction of a concrete pavement on said highway to a point where the same intersects Superior avenue in the city of Stevens Point, and

"Whereas, the condition of Superior avenue from such intersection southeasterly to Central avenue, and Central avenue from the intersection of Superior avenue to the Wisconsin river bridge, is deplorable, and

"Whereas, said highway has caused innumerable complaints to be filed by people using the same, therefore be it

"Resolved, by the common council of the city of Stevens Point, that the proper officers of said city be requested to use their efforts to secure the improvement of such roadway with a permanent pavement by state, county and federal authorities, and be it further

"Resolved, that, in case such improvement is made, it is the wish of the common council of the city of Stevens Point that the necessary and proper steps be taken to provide for the permanent pavement of said streets as to such portion thereof as is not under the jurisdiction of the state, federal and county highway departments."

In discussing his resolution, Mr. Ames said that he regarded this work as among the most important to be done by the city next year.

Alderman T. E. Cauley, who as county highway commissioner in close touch with state road propositions, said that he had taken State Highway Engineer A. K. Hirst over this piece of road within the last few days, that Mr. Hirst had expressed the opinion that this strip must be taken care of promptly in the spring, and that he would do all he could to put it through. "And he can do quite a lot," said the alderman. The work would probably be ordered in as a state proposition, said Mr. Cauley, and the proper proportions of the cost would be assigned by the state commission to the city, county, state and federal funds. The commission can take jurisdiction within a city limits where houses are 200 feet or more apart, and in this strip they average that or more.

Mayor Welsby and others of the aldermen expressed themselves in favor of this work, and in addition to the passage of the resolution, it was decided to notify Engineer Hirst of the city's attitude and to promise him the utmost cooperation. The feeling was hopeful that this work, which covers a distance of eight tenths of a mile, will go in in 1923.

Propertyowners Unanimous

Petition for the improvement of Shaurette street, which was read, stated that it was signed by all the property owners on the street. A motion by Alderman Cauley that the petition be granted was carried with 11 ayes, Alderman Bartkowiak voting "no."

Motion by Alderman Schoettel that the board of public works be instructed to prepare plans and specifications for Shaurette street was then carried unanimously.

Elk Street Petitions

Petition was read from owners of 277½ feet of frontage on Elk street for a pavement on that street. This petition came as a surprise to most of the aldermen. It proposed pavement from Brawley street to Depot street just in front of the Soo depot.

Mr. Cauley said that he did not like to see the block from Brawley to Mill street omitted, and attention was called by another speaker that the petition was in not quite the regular form because the signers had not agreed to pay for their share of the pavement. It was therefore, decided to refer it to the board of public works to confer with the petitioners and have the papers completed and corrected.

Elk street, like Plover street, can with pavement be made an attractive street, and with the change in the form, and the inclusion of the block from Brawley street to Mill street, it is expected that the council will grant the petition. The council has authority under present laws to order pavement on any street without waiting for the property-owners to express themselves. Use of petitions for street improvement has now been given up altogether in many cities.

Mrs. Firkus was charged with having sold intoxicating liquor and the trial took up most of the morning. JURY IS SCORED BY JUDGE PARK FOR ITS VERDICT

Court Convinced Defendant is Guilty of Violating Prohibition Laws

Wisconsin Rapids, Wis., Oct. 5—When the jury in circuit court which heard the case of the state vs. Frank Patrenets on a charge of violating the prohibition laws filed into the court room at 9 o'clock Wednesday evening to return a verdict of not guilty, Judge Park scored the jury for its decision. The judge said:

"I certainly cannot congratulate you on your verdict. It is very unsatisfactory to me. The evidence, in my opinion, demonstrates absolutely the guilt of the defendant. It convinces me of his guilt beyond all reasonable doubt and beyond any doubt however."

Dissatisfied with Juror

When one of the jurors asked to be excused this morning for one day, in order to do farm work, Judge Park excused him for the rest of the term, attesting to his dissatisfaction with the verdict of this juror and others during the criminal court calendar.

The Patrenets case was the last one of a criminal nature to be tried and the court registered approval of that fact, declaring that it was a fortunate fact that there were no more cases to come before the present venire of jurymen.

Damaging Testimony

Patrenets was charged with violating the prohibition laws by illegally having moonshine whisky in his possession. Sheriff Mueller and Constable Orson Bean of Vesper testified to having found two guart jars of moonshine in the cornfield on Patrenets' farm near Vesper when they went there with a search warrant last May to make a raid.

Police Arrest Two After Raid of Home In the Sixth Ward

James Newby, 366 Patch street, and Charles Wherritt, city, were brought before Judge W. F. Owen in county court Thursday on charges of violation of the liquor laws, following a raid on the Newby home Wednesday afternoon, and activities of local authorities on Tuesday night.

Newby was charged with having intoxicating liquor in his possession and control, and Wherritt with having sold liquor. Both pleaded not guilty and were released on bail of $500 each. Newby's case was adjourned to October 11 and Wherritt's to October 16.

Evidence against Wherritt was obtained on Tuesday night, when a man volunteered to buy a bottle of liquor at the Newby home for local police.

Soo Road Complains

Complaint had been made by Soo railroad officials here that liquor had been sold at the Newby home, to railroad workers in the local yards.

With a marked bottle, and accompanied by the police, it is stated, the volunteer visited the Newby house on Patch street, where, it is alleged, Wherritt filled the bottle with a pint of moonshine, charging 50 cents. While the alleged sale was being made police officers were outside, it is declared, observing the transaction.

Raid House

Late Wednesday afternoon, Chief of Police John S. Hofsoos, in company with Sheriff John A. Berry, Deputy Manuel Berry and United States Deputy Marshal Guy Davies, visited the same house with the intention of searching it.

No one was home at the time, and the officers waited outside in their car. While they were sitting outside Newby and Wherritt drove by in another car. Not stopping at the home, they were followed down Patch street and to a point a block south on Michigan avenue. Here Wherritt jumped out of the car, and raced back towards the Newby home.

Chase Wherritt

The police car caught up with the machine driven by Newby and he was detained by Chief of Police Hofsoos, while the three other officers ran back to the home on Patch street. Arriving there, it is alleged, they found Wherritt with two jugs in his hands, one of which is said to have contained alleged moonshine. Police say that Wherritt had dumped some liquor out onto the ground.

Spend Night in Jail

Both Newby and Wherritt were immediately arrested and taken to the county jail, where they spent the night.

Moose Dedication To Be Big Affair Building A Beauty

Dedication of the new Moose building, to take place within a few weeks, is being arranged for by a committee of which J. J. Normington is chairman. It is expected to make it an elaborate occasion to be attended by leading Moose officers from national headquarters and from many northwestern cities.

Fifty members attended Friday night's meeting, and looking over the building, now nearly done, all agreed that it is a beautiful structure, inside and outside. The club rooms and upper hall are not quite completed. The lower hall, used at the last two meetings, still needs the permanent light fixtures and the furniture. When this is in, the lodge hall will be one of the best equipped and attractive in the state. It has now been booked for various organizations for 25 meetings a month, so it promises to be kept busy. As some of these meetings are to be held in the daytime, there remain several evening dates yet open.

Visitors Here

Visitors at Friday night's meeting included Ben F. Mays of Mooseheart, Ill., auditor of the grand lodge, D. V. Hart, past dictator, Charles Andrews, secretary, and Henry Schuler of Wausau, and F. W. Tannhauser of Milwaukee, dictator of the Milwaukee lodge and president of the State Moose Field association. All made talks, complimenting Dictator W. E. Teichert and the local organization on the wonderful home it had erected.

To Have Radio Station

A radio station is to be put in at the Moose building. George J. Besnah is chairman of the committee making arrangements for it.

Mrs. Edward A. Myers

Mrs. Edward A. Myers, a member of the S. P. Thorn family, who were among the first settlers in the town of Buena Vista, passed away at her home for a year with what was later home, 527 Elk street, Wednesday, Oct. 4. Mrs. Myers had been ailing diagnosed as cancer and underwent a surgical operation about three months ago. This afforded her temporary relief but early in September the trouble again became aggravated and she was confined to bed most of the time until death called her.

Mary Thorn was born in Buena Vista 56 years ago the 18th of next December and was married there Aug. 7, 1886, to Mr. Myers. The family moved to Stevens Point three years ago.

There are four daughters in the family, Mrs. Roy Fletcher and Mrs. Blair Fletcher of Buena Vista, Mrs. Wm. Epright and Mrs. John Wyland, jr., of this city.

Other near relatives are two sisters and a brother, Mrs. W. A. Newby of Greenville, Ohio, Mrs. James Roberts and Milton Thorn of Buena Vista.

The deceased woman's father died about 18 years ago and Mrs. Thorn's death occurred two years ago this month.

Little Child Dies

An infant son of Mr. and Mrs. Ben Cary of South Chicago died September 30, after it had lived for 10 hours. Mrs. Cary will be remembered here as Miss Daisy Tait, daughter of Mr. and Mrs. John Tait of Linwood.

Mrs. Julia Pliszka

Mrs. Julia Pliszka, wife of John Pliszka, passed away Sunday, Oct. 1, after a lingering illness, at her home in Mill Creek, town of Carson.

She was born in German-Poland in 1858, came to America and married John Pliszka and has the honor of being one of the oldest residents of Portage county, especially in the Mill Creek district, where she resided for nearly 45 years.

Mrs. Pliszka is survived by her husband, three sons, two daughters and one brother, namely Frank of Stevens Point, Joseph at Mill Creek, and Victor, residing on the farm home, Emma at home, Mrs. Clara Kitowski at Stevens Point and John Formella, a brother, in Polonia.

Following a requiem high mass at St. Bartholomew's church, interment was made at the Guardian Angels' cemetery in this city, Rev. L. Jankowski officiating.

Anthony Lally

Anthony Lally, one of the oldest, if not the oldest, continuous resident of Portage county, died at St. Michael's hospital at 12:20 p. m. Wednesday, following an illness with cancer which extended over a period of one year and four months. He underwent an operation last spring, but the ailment had become too deep-seated to warrant a cure.

He was confined to bed continuously for five weeks, retaining consciousness until almost the last moment. His brother, Martin Lally, had been with him much of the time for many months, returning here from Rhinelander Wednesday morning. He is the only surviving member of the family, which originally included three sons and a daughter.

Anthony Lally was a native of Ireland, born in County Mayo 80 years ago the 17th of last December. The family emigrated to America when he was a baby, locating in Illinois. The father died at Fulton some ten years later and shortly afterwards the family moved to Stevens Point, settling in that then densely wooded district at the east end of Clark street.

Some 50 years ago Mr. Lally married Miss Mary Morrissey and they moved to a tract of land about a half mile east of Custer station. Selling his property in 1913 Mr. and Mrs. Lally returned to Stevens Point, Mrs. Lally passing away four years later. The widower lived at the Arlington house until taking up his abode at the hospital more than a year ago.

He kept thoroughly posted in current events and was also recognized as an authority on Irish history. Of sociable disposition, he made friends easily and had the faculty of retaining their friendship.

The remains were taken to the home of his sister-in-law, Mrs. William Leary, 1207 Clark street, Thursday afternoon and the funeral held from there to St. Stephen's church at 9 o'clock Friday morning. Interment followed beside his wife in St. Stephen's cemetery.

Mother of Twelve Dies

Taken sick only 24 hours before, Mrs. Joseph Guilkowski, or Grulka, passed away at 9:30 Thursday morning at the family home, 322 Sixth avenue. All except one other member of the household had gone to special services at St. Peter's church when a change in Mrs. Grulka's condition set in. Aid was hurriedly summoned but she expired before medical help arrived. Heart failure is believed to have been the direct cause of death.

Mrs. Grulka was born in Poland 61 years ago the 18th of December and lived in her native land until several years after her marriage. Emigrating to America 38 years ago the family came direct to Stevens Point and lived here ever since.

Twelve children were born to Mr. and Mrs. Grulka, ten of whom survive. They are Mrs. John Tusakowski and Mrs. John Dominick of this city, Mrs. John Lessewski, Mrs. Alex Burdy, Mrs. Jos. Burdy and Mrs. Emil Wloszynski of Milwaukee, Nick, John, Joseph and Roman Grulka of this city.

Anthony Lally Laid Away

The funeral of Anthony Lally, pioneer resident of Portage county, was held from St. Stephen's church at 9 o'clock Friday a. m., Rev. Jas. C. Hogan officiating. Many friends attended the church services and escorted the remains to their final resting place in St. Stephen's cemetery. Casket bearers were M. Cassidy, Jas. Welch, A. J. Cunneen, J. C. Leary, T. E. Cauley and A. Love.

Young Matron Dies

Mary, wife of Ignatius Ludwikowski, who operates a cigar factory at his home on the old Wausau road, near the waterworks pumping station, died at 6 o'clock Thursday evening, following an attack of pneumonia. She had been in poor health since last January and when pneumonia developed her weakened condition prevented recovery. Mrs. Ludwikowski was 38 years of age the 26th of last June. The family lived in Washington, Oregon and California for a few years, later returning here and buying a tract of land just north of the city limits.

Besides the husband, there are two children, Ludgara and Carl. She also leaves her aged parents, Mr. and Mrs. John Kubisiak, corner First street and Fifth avenue, and five brothers and two sisters, John of Spokane, Wash., Frank, Joseph and Roman of Casimir, Walter and Helen of this city and Wanda of Los Angeles.

Buried at Buena Vista

Prayers for the late Mrs. Edward A. Myers were offered at the family home on Elk street Friday afternoon, the remains being then taken to the Methodist church in Buena Vista and services conducted there by Rev. James Blake of this city, and the pastor, Rev. E. Leuenberg. Interment followed in the parish cemetery, where the body was laid to rest by Lewis and David Precourt, Chas. Scribner, Jos. Boursier, Linus Sherman and Chester Webster, all former neighbors of the Myers fyamily.

Mrs. Charles Fischer

Mrs. Charles Fischer, a resident of Stevens Point since 1898, and a highly respected local woman, passed away Sunday afternoon at 4:55 a'clock at the home of her son, Hyman D. Fischer, 523 Church street.

Mrs. Fischer had been ill for the past two years, and in recent months had gradually failed. Her death was caused by locemia. While Mrs. Fischer had been in poor health for the past few years, she was able to get about, and spent several months this spring and summer with her daughter, Miss Esther, at Minneapolis. She was taken ill at Minneapolis, and brought to Stevens Point July 1.

She was a patient for some time at St. Michael's hospital here, following her return to the city, but for the past several weeks she had been at the home of her son on Church street. Beause of the seriousness of her illness in the past few weeks, her death was not unexpected.

Mrs. Fischer, whose maiden name was Catherine Scheff, was born in Odessa, Russia, on September 15, 1860, and was nearly a month over 60 years of age at the time of her death. Mrs. Fischer was married in Odessa on May 17, 1877, to Charles Fischer, and in 1891 they came to America.

Their first home following their arrival in America, was in Minneapolis. After living there for several years they went to San Francisco, Calif., and from there went to Chicago. From Chicago, in 1898, they came to Stevens Point.

Mr. Fischer entered into business here, and they lived at 307 Clark street, until 1917. Mr. Fischer died August 27 of that year, and some time later Mrs. Fischer and family moved to the home at 441 Water street, where she lived until recently.

Mrs. Fischer is survived by two sons and five daughters as follows: Harry, city; Mrs. William Goldstein, Minneapolis; Mrs. Louis Zenoff, Amherst; Miss Sarah, Minneapolis; Mrs. Joseph Goldstein, Hyman D., and Esther, all of this city.

Mrs. Fischer's remains were taken to Chicago on Tuesday night accompanied by her sons and daughters. The body was laid to rest in Forest Park cemetery at Chicago, besides those of Mr. Fischer. Services were conducted by Rabbi Burzenski of Chicago.

Mr. and Mrs. A. H. Fischer of Minneapolis, a nephew and niece of the deceased, and Miss Ethel Fischer of Minneapolis, the eldest granddaughter, drove here two weeks ago from Minneapolis with Miss Sarah Fischer when Mrs. Fischer's condition became critical. The Minneapolis people returned several days later, while Miss Sarah Fischer remained in the city during her mother's last days.

Mrs. Fischer was a member of the Order of Berth Abraham of Chicago.

Michael Przekurat

Michael Przekurat, for many years employed at street cleaning and construction work by the city and who was known to nearly everyone in the uptown business district, died at 4:30 o'clock Monday morning at his home, 719 West street.

He had been confined to the house almost continuously since last April, suffering from injuries which befell him in September, 1918, when he was struck by an automobile at the intersection of Clark street and Strongs avenue. Although Mr. Przekurat was able to work a portion of each season until this year, he was in almost constant pain as a result of the accident.

At his request he was laid to rest in the beautiful cemetery at Redlands, surrounded by the mountains he loved so well. Possessed of an upright Christian character, his death is mourned by a host of friends.

SYNOPSIS OF POTATO SHOW IS ANNOUNCED

Growers' Problems to be Discussed for First Time in Many Years

The program for the annual convention of the Wisconsin Potato Growers association, to be held in Stevens Point October 30 to November 3, has just been announced. The convention marks the tenth anniversary of the organization of the association and the completion of a decade of work for the improvement of the potato industry in Wisconsin.

This year will be the first in several years in which an opportunity for the general discussion of potato problems will be featured. Experts on seed production, cultural methods and disease prevention of potatoes will be brought together from the entire United States and will present the latest developments in their line to the attending growers.

Expect Big Attendance

The show this year is expected to attract the largest attendance of potato growers in its history. Portage county has produced more potatoes than any other county in Wisconsin for 40 years and every farmer grows an annual crop as a part of his regular farm program.

The nearby city of Waupaca is the largest potato shipping point in the state and quotations on its market are quoted all over the United States.

One of the features of the potato show is expected to be the local office of the United States Bureau of Markets, which will be established in the show pavilion the week of the show. Farmers will have an opportunity to see how the market reports are compiled and sent out and constant touch with potato markets in all parts of the country will be maintained.

GAME ORDER APPLIES TO PORTAGE COUNTY COMMISSION RULES

Although Only Three Attended Hearing in Stevens Point, That Is Sufficient Number to Close Trapping

The Wisconsin conservation commision, in a notice sent to Frank Hornberg, local warden, announces that its closing order governing the trapping of fur bearing animals will be strictly enforced in Portage county.

Doubt as to the power of the commission to enforce the order in counties where no evidence was taken at hearings held last fall was expressed here recently. This was occasioned by a ruling from the assistant attorney general that the commission was without authority to issue orders restricting trapping in counties where scheduled hearings were unattended.

The commission, in its notice to Mr. Hornberg, states that "although only three persons were present at the hearing in Stevens Point, that is sufficient number. The only hearing which the attorney general stated were not legal were those at which no persons appeared."

The closing order prevents the trapping of muskrat, beaver, otter and raccoon in Portage county this fall. It permits, however, the shooting of raccoon from October 15 to January 31, this being the only exception.

ACT TO STAMP OUT STATE FOREST FIRES

Timely Warning to Late Campers and Hunters Issued by Conservation Commission

With fires waging in the vicinity of Duluth, a timely warning to late campers and hunters to practice safety in the woods is issued by the Wisconsin conservation commission.

Attention is called by the commission to the following salient points, taken from the Wisconsin laws:

That all town chairmen and road superintendents are town fire wardens.

That they have the power to order men and teams out to fight fires on wild land.

That all able-bodied men, when so ordered, are required to go under penalty of arrest.

That definite methods of payment for fire fighters are authorized.

That a person is liable for the fire he sets.

That camp fires must be extinguished.

That town chairmen can forbid the setting of fires during dangerous dry time by the posting of special warning notices, and that during such times no one can set a fire except for warming the person or cooking food, until written permission is received from the town fire warden.

That rialroads are liable for the fires they set.

That locomotives must be equipped with serviceable spark arresting devices, particularly when steaming through forest country

That all fire wardens must render a report on fires to the state conservation commission, as directed.

In case of dangerous fires the town chairman should be notified and it is his duty to see that they are put out.

Campers, hunters, fishermen and woodsmen are urged to use care with fires in the woods. Sand or water are suggested to put out the camp fire. Care should be shown with the lighted pipe, cigar or cigarette.

SOO LINE TRAIN BURNS UP NEAR SNELL CROSSING

Gasoline Car Explodes After Derailment and Conflagration Results

Soo line freight train No. 21, which left Fond du Lac for Stevens Point late Friday morning and in charge of Conductor T. J. Thompson and Engineer Oscar G. Thorp, both of North Fond du Lac, was almost totally destroyed by fire at Snell's crossing near Neenah Friday afternoon.

The freight train caught fire when a car of gasoline was derailed and exploded. The blazing oil was scattered along the train and over the right of way, into adjoining fields and 25 cars were soon blazing furiously.

Two Cities Lend Help

Fences alon gthe right of way, trees and grass became lines of fire. Unable to cope with the conflagration, the train crew retreated to a safe distance and appealed to the fire departments at Oshkosh and Neenah for help.

From information given out at the Soo line offices at North Fond du Lac, 25 cars were burned and a score or more of others were threatened with destruction.

The cause of the derailment is not known and owing to the fact that the ties along the line of the fire were destroyd, rail warped and bent, it will be a difficult matter to determine what occasioned the wreck.

Soo division offices at North Fond du Lac reported that no one was injured in the derailment or fire. The freight train was made up largely of loaded cars, although there were a number of "empties" in the train.

Hundreds Watch Fire

Advices from Neenah late Friday afternoon stated that the fire was a spectacular affair and attracted hundreds of spectators who raced to the scene in automobiles. Neenah reported that a broken brake beam caused the derailment. A tank car crashed into a box car, causing the gas to flood out on the track. An explosion followed and in an instant the flaming oil scattered over a wide area, it was reported.

The fire departments at Neenah and Oshkosh sent pumpers to the scene and water was drawn from locomotive tenders which were filled at Neenah three miles to the north, and then pulled to the scene by locomotives.

Wire Service Crippled.

Telephone poles were destroyed and communication south of the scene of the fire was cut off.

NATIVE OF THE CITY EXPIRES AT ASHLAND

Pneumonia Fatal to James W. Shea and Remains are Brought Here for Interment

James W. Shea, native of Stevens Point, but who had been numbered among the prominent business men at Ashland for 25 to 30 years, died at St. Joseph's hospital in that city at 11 o'clock Friday morning.

He was taken with summer influenza more than two weeks before but his condition improved the latter part of last week, and there was reason to hope for his early discharge from the hospital. Last Sunday he suffered a relapse, pneumonia setting in and because of his weakened condition he could not combat this ailment.

A sister, Mrs. E. S. Esker, and a niece, Miss Loretta Mullen, went to Ashland Monday morning, as did also a brother, Thos. Shea of Chicago, and a brother in law, Bernard Houlehan of Hurley.

The remains were brought to Stevens Point on a Soo train Friday night and taken to the Mullen home at 525 Strongs avenue. The funeral was held Monday morning, with services at St. Stephen's church and interment in the parish cemetery.

Mr Shea was the youngest son of the late Mr. and Mrs Thos. Shea and was born in this city 51 years ago, the 7th of June. Tis first employment was in the train service of the Wisconsin Central railroad, his run extending as far north as Ashland. A few years later he became interested in business at Ashland and had been there for more than a quarter of a century, and there was no man better known in that city than Mr. Shea. His genial nature made him a friend of everybody.

Surviving relatives are three sisters and two brothers, Mrs Edward Houlehan of Tomahawk, Mrs. Margaret Mulien and Mrs Esker of this city, Frank Shea of Butte, Mont., and Thos Shea, of Chicago

For more than 30 years the deceased held membership in St Stephen's court of Foresters and was also affiliated with the Fraternal Order of Eagles at Ashland A large delegation from this latter society escorted the remains from the Ashland hospital to the Soo depot in that city, and placed the body aboard the train for Stevens Point Numerous other kindnesses were shown the new departed brother and his relatives during his illness.

Three Men Injured In Train Collision At Medina Junction

Matthew Dolihausen, Fond du Lac, a Soo line engineer, was badly scalded and burned and otherwise injured and Otto W. Strutz, also of that city, a firemen, has his shoulder injured when their locomotive was struck by a North Western freight at Medina Junction Thursday afternoon.

William Singsime of Vernon, Wis., employed by Colliana Brothers, road contractors for the Soo, is in the Neenah hospital with his hands badly cut as a result of the crash. He was riding on the tender of the Soo engine at the time.

Advices on Friday from the Neenah hospital, where both Dolihausen and Strutz were also patients, were to the effect that the scalding steam did not penetrate the eyes of the engineer. His face was badly burned and he was otherwise bruised and shaken up.

The Soo line freight, No. 27, had reached the junction and was about to cross the North Western tracks when the North Western train crashed into the Soo locomotive.

Both moguls left the rails and the crash tore up the tracks for some distance, blocking both main lines and delaying traffic for hours. No. 27 is the same freight that figured in the collision at Fond du Lac last week when it crashed into the rear of No. 25 in the yards there.

Conductor Henry E. Gilboy of Fond du Lac was in charge of the train on Thursday. Engineer Dolihausen is well known in Stevens Point.

The wrecking crew from North Fond du Lac was rushed to the scene as soon as information had been received at the divisional headquarters there.

LOCAL CAR TIPS OVER ON HILL AT MOSINEE

Robert Card Escaped with Slight Injuries in Accident on Friday Evening

Robert Card, son of Dr. and Mrs. H. S. Card, escaped with slight cuts and bruises Friday evening at 6:30 o'clock when the Ford sedan owned by his father which he was driving was upset on the Mosinee hill.

He report sthat the accident was caused by the blowing out of the right front tire, which caused the sedan to suddenly skid to one side of the road, roll over sideways and then forward.

Three of the windows in the car were broken and the top was smashed, but after it had been righted Card was able to drive back to Stevens Point. He was driving alone when the accident occurred, en route to Merrill to spend the week-end with friends.

BALLOT FIGHT FINALLY LOST BY DEMOCRATS

State Supreme Court Rules Ticket Can't Go Into Party Column

Madison, Wis., Oct. 7 — The Democratic party today lost its fight to annul the 10 per cent clause of the state primary, and the names of all Democratic candidates who failed to get the necessary amount of votes required at the primary election will be placed in the independent columns of the general election ballot November 7.

The Wisconsin supreme court today quashed the alternate writ of mandamus obtained against the secretary of state by Democrats. The writ was to order him to enter on the ballot in the official Democratic party column the names of congressional and state candidates on a test case. Opinions will be filed later.

All state candidates, including Jeese Jack Hooper, candidate for United States senator, and some county and congressional candidates, are included in the number who did not get the necessary 10 per cent of the vote for governor by the Democrats in the 1920 general election as required by the primary law.

FAIR TO NET $150 ON SUNDAY PROGRAM

Successful Entertainment Net Largely Attended—Benefit Dance is Planned

The Stevens Point Fair association will net nearly $150 from its entertainment program at the fair grounds on Sunday afternoon. Although the afternoon was pleasant, only a few more than 200 people attended.

The directors of the fair association are not entirely satisfied with the attendance at the program, but announcement was made today that John M. Teeling of the Whiting hotel, who was a prominent figure at the grounds Sunday afternoon, has offered the services of the dining room in the new hotel for a dance to be given some time during the holiday season for the association's benefit.

While some fine races were run, the feature of the program was the baseball game between the "Has Beens" and members of the local city team, a few of whom were on hand.

The "Has Beens" were not so "has been" in their playing and won a five-inning game which was fashionably called off at the end of the fifth inning by Umpire G. L. Park "on account of darkness," by a score of 5 to 1. The sun was still shining when Umpire Park announced to the stands that the game had been called, but no one objected, and the followers of the veteran ball players cheered the announcement.

John ("Darb") Corcoran stood on the hurling hill for the veterans, while Tweet caught his curves. "Darb's" offerings had much of their old time pep. Rev. James C. Hogan was stationed at first base, John Siebert played second, F. A. Neuberger shortstop, George Shropshire was drafted for third base, while in the outfield were J. W. Ash, T. M. Otrich and Mark Bellis, the latter of Wausau. A three bagger by Mark in the fifth inning figured largely in the veterans' score. Mr. Bellis is an old-time umpire and he assisted Bert Park in "calling 'em."

Results of the races:

Free-For-All Trot

Della Grattan	1	3	1
Franklin Pierce	3	1	2
Silk Cap	2	2	3

Time 2:17, 2:17¼, 2:20.
